Your Name (First and Last) Robert Wiener

If you are representing someone other than yourself, please indicate who you are representing.

Self

Council Meeting Date Oct 11, 2023

Agenda Item A.3.

Do you wish to speak in person at the meeting?

No, written comment only (please submit your comments in the field below)

Your Comment (if you are speaking, it is not necessary to complete this field)

I believe city employees are often influenced by businesses at the expense of common sense. I also believe some areas may be understaffed. I think employees generally don't care what projects cost. It's not out of their pockets! I think we have spent a FORTUNE on Virginia Street in recent years. It would be "stupid" to redo Virginia again. Maybe in ten years. And I believe Virginia still has a VERY HIGH ratio of empty storefronts. Some planning? Let's spend 18 of the 20 million dollar proposed budget on honestly affordable housing near downtown, and use bike lanes on Center/University Way!

Which City of Reno Ward do you reside?

Ward 4

Please state if you are in favor or in opposition of the agenda item in which you are commenting:

I don't know, it's like I think City Hall, Reno City Hall Arena, police downtown partnership and Bo it obvious that. So maybe, I don't want to think the Parks and Recreation Department for the weather, for job. They do, what a messed up place you had made

Hello Reno Direct in the City of Reno. I would like to report and also ask questions about why this is happening but along the River Walk where there's the railing that goes over to the river. And then a brick wall or a cinder block wall that that has the flower bed on the other side of it. There are signs all through that small condensed Hathaway, that's a no bicycles and wire bird scooters, parked throughout that like there's no reason for the bird. Fleet managers to take scooters over to that area, it would be a bad idea for someone to Ride Scooters through there. Obviously, if you say no bikes, you obviously want no scooters as well because of motorized scooter can kill someone there. A bicycle doesn't have the torque or the force to do that because it settled by human well, unless it's a motorized bicycle. So I would suggest you move those Especially moving all around the McKinley Arts Center. It says no bicycles, no skateboarding, no rollerblading everywhere on signs, but there are scooters parked everywhere. Just makes no sense. I don't know why you're hating on skateboarding because for people like myself, that is a micro Mobility. Like the scooters that you have created through your business deal with bird. That only people with to Hanscom drive. So I can't drive one but but I use a skateboard for my micro mobility and because you hate people with disabilities. It's torok Ali, you missed. It doesn't, it doesn't It doesn't surprise me that. I'm seeing what I'm seeing because of the ignorance that I found within our leadership. I mean, our managers, sorry I misspoke. There are management are ignorant obviously, because if they weren't ignorant, there's no way they would do this because they wouldn't break the law. But you know, anyways, bird scooters illegally parked along the River. Walk Way where it says, no bicycles, no skateboarding, no rollerblading. I think

no scooters should be added to that or everything should be allowed. You can't do this. You can't pick and choose, and be like this. So, thank you. Once again, City of Reno for sucking at your job. (Transcription with high confidence)
