Correct,

Let's do full withdrawal. I appreciate the effort, thanks!

Batuhan,

That is fine as long as you are withdrawing the appeal. I would just need an email or letter stating that you are withdrawing. Because the agenda has already been posted, we are not able to pull it off without a total withdrawal. This would end your right to appeal this specific application further. The alternative would be to request a continuance at the hearing tonight.

It is up to you what you want to do. If you are going to withdraw, please get that over to me as soon as possible so I can notify my Administration.

Subject: Re: Commission Update Tonight

Hey Carter,

Can we pull our application off the meeting tomorrow? We found another way we're going to pursue and the presentation tomorrow is unnecessary.

Perfect,

Thats the one that went through.

CouncilMeetings@reno.gov may be an internal email. So as long as the City Clerk email went through, all is well.
