<b>Your Comment (if you are speaking, it is not necessary to complete this field)</b>	Dear Elected Officials, The city of Reno should give high priority to any program that uses clean energy for city facilities. The advantages of clean energy are far-reaching, cost effective, and essential to a healthy environment for future generations. Using clean geothermal heat for the Moana Aquatic center is an excellent step in the right direction. Please support this and future projects! Thank you, in advance, for your time. Respectfully, Rose Wolterbeek
