Hello,

My name is Brian Stoudt. I am the local business owner of The Factory. We are a creative agency located in Midtown. I would like to submit an email recommendation for Kathleen Taylor. Not only is she someone I have had the pleasure of working with for over a decade but she would be representing the area that I live in here in Reno. Kathleen is enthusiastic, professional, organized, personable and very passionate about improving our area. As a resident of Ward 5 she has my complete support and would be an outstanding City council member.

Thanks for your time,  
b

<b>Your Comment</b>	My name is Lisa Lee and I live in Ward 5. I have know

Elliot Malin since our undergraduate years at the University of Nevada, Reno where we both took 4 semesters of Arabic together. It does not take more than two minutes with Elliot to understand the deep passion he has for Nevada and for our community. Not only is he driven by passion, but he is a pragmatic realist that seeks concrete solutions to real world dilemmas. Since our undergrad years, I would run into him as we both were in graduate school and at the Nevada State Legislature as we were both there advocating for better state policies. Throughout the years, Elliot has been steadfast in both self-improvement (he is now in law school) and improving the community, state, and world we live in. Although our political parties may differ as well as some of our opinions on policy, I have so much respect and adoration for his opinions as they are backed with data, historical context, systems thinking, and a humanitarian approach. I have no doubt that Elliot will make pragmatic, sensible choices for Ward 5 and for the City of Reno. More than that, I know that Elliot will seek community input, and lean in to listen to issues which are important to his constituents, rather than be motivated by pocketbooks of special interest groups. I hope that you too will be motivated by Elliot's passion, realism, and commitment to sensible solutions.

<b>Your Comment</b>	My name is Nicholas Myers and I have lived in Ward 5 since I moved to Reno my freshman year at the University of Nevada in 2018. One of the most important aspects of Reno, in my opinion, is the University. So many students that graduate from UNR stay in Reno and get involved in the community you all have created here. With the nominees for Reno's Ward 5 council

member, I know that Elliot Malin represents both the native Reno population as well as the new students who will build up the city. Elliot has been one to always do what is best for Ward 5, Reno, and Nevada. While the candidates would do well in this position, Elliot will excel in doing good by Ward 5 as he has been for as long as I can remember of my 4 years here.

Dear City Council Members,

Please accept this email from me in support of Kathleen Taylor for Reno City Council, Ward 5. I have had the pleasure of working with Ms. Taylor for the last 15 years on highway construction projects that have had positive impacts to the Reno/Sparks area, including the \$85 million I-80 Design Build Project through downtown Reno in 2010-2012 and the current Spaghetti Bowl Project (SBX) in Reno. As the NDOT Resident Engineer for the I-80 project, I had daily interactions with Ms. Taylor who was responsible for informing the public of the construction progress while working closely with the local media. Her professionalism, communication skills, and experience with the Reno area make her an ideal candidate to support the Reno community in Ward 5. Ms. Taylor is pleasant to be around, well spoken, works well with others and has a great sense of humor. Please seriously consider her for the position as she will be a strong voice of reason for the community. If you have any questions about Ms. Taylor's character or experience, please feel free to contact me.

Sincerely,

Rick C. Bosch, P.E.
