To whom it concerns,

Please stop the building madness in the north valleys! You people that are making these decisions to continue the building should have to live in the north valleys for a 1 year mandatory stay. You would stop the building immediately if you had to live in the north valleys and deal with the instability of the development and the destruction of our community

Your Comment

Please reconsider the approval vote of the Reno Planning Commission on LCD23-00025(Riviera Planned Community) Our neighborhood is mostly older single family homes and not for high rise condos plus the traffic this will bring to our neighborhood everyday and also parking issues, especially during the summer months with Food Truck Friday. It is very difficult to get in and out of Riviera Street and also parking in front of your own home during this time. Also, many neighbors on Riviera and Samuel will lose their privacy to their front and back yards due to the high rise condo design with many windows and a roof top deck. Other concerns are snow removal and possibly flooding. Again, please do not approve the Riviera Planned Community Condo project. Thank you for taking time to read my comments.

Hi, my name is Mark Kaiser, Senior vice president of Kidder Matthews. I'm calling today in regards to project LDC to 30018 at the North Hills Shopping Center in support of the apartment project. That was proposed for that. I've been leasing agent on the shopping center for many years, and we've had every effort to try and get retailers there, but I think that the, the apartments would be great to have housing next to the school. And also to allow for lesser traffic, which is generated by the multi family, which I know is concerned that the developers expressed. So if anybody needs any additional information, my number is 775-470-8875, thank you.
