Your Comment

I am concerned about climate change because the rates in which the environment and climate are affected are at a rapid growing pace. I am a student at University of Nevada, Reno and studying environmental science. As I learn more and see the world affected first hand, this is an issue I am passionate about. The use of fossil fuels are continuing to pollute and warm the atmosphere and that is causing environmental damage such as changing ocean temperatures, melting of polar ice caps, and increased urban heating.

Homeless Problems

1 message

To: publiccomment@reno.gov, Alan Bima <yilon340@gmail.com>

Ladies and Gentlemen:

I have what are referred to as homeless, living in my detached garage.

I can run them out, the police can run them out. They just come back.

My detached garage is sealed off, including dead bolt locks. At least one of those who congregate with the homeless has a key.

In the course of repairing some \$2,000 worth of damage to my garage, I changed said locks. At least one of those who congregate with the homeless still has a key.

Someone has destroyed my back fence.

The City of Reno has problems, I have solutions.

There are those who are living in vehicles on 7th Street between Sutro and Morrill. Forcing those who use 7th street as a bedroom and toilet, to move solves nothing. Towing the vehicles to a police impound lot solves problems and makes the City of Reno money for the taxpayers, when the towed vehicles are sold.

There are those who steal market carts. The solution is simple. The police arrest the thieves. The police take the thieves to a precinct, leaving the stolen market cart on the street. While the thieves fill out paperwork, the rest of the homeless will scavenge the contents of the market cart.

Putting the homeless in jail solves nothing. Forcing the homeless to attend continuation high school. provides life training for the homeless, something you all support.

If the homeless leave Reno, where do they go? Destinations include, the outskirts of Kennecot, AK. The outskirts if Black Rock Desert, NV. The outskirts of Bodie, CA. The outskirts of Goldfield, AZ. Lots of places.

I'm 83 years old and I have to face the homeless, who use my property as a walkway. I go armed. Sooner or later I will kill one or more of the homeless, in self defense. WHY DO YOU LET THIS HAPPEN?

Your Comment

My name is Alan Jordan, and I am addressing you as an individual who lives in Reno, not as a member of a group.

First, I would like to thank you for everything that Reno does to help stabilize our climate. I am aware of efforts like the recent LEED Gold Certification, the continuous addition of EVs to your vehicle fleet, and the infrastructure created that promotes micro-mobility.

I understand the realities of governmental budget constraints because I retired as a Management Analyst III from the State of Nevada. I feel that you want to make appropriate, balanced decisions that will empower Reno to continue to thrive, even in the face of external threats such as wildfires in California that the wind blows into our county, resulting in substantial air pollution. I understand that the basis for making these decisions is accurate and timely information, and I have two suggestions that are likely to save money.

1. Ask Citizens' Climate Lobby (CCL), a nonprofit, nonpartisan grassroots advocacy climate change organization with over 530 local chapters, including a Reno-Sparks chapter, for assistance when you need research. It is a useful

resource when your needs go beyond the ability of resources like University of Nevada-Reno to provide on a rapid-as-requested basis. The organization has many resources and has demonstrated that they are willing to deploy them. The email address for the Reno-Sparks chapter listed on the website is

reno@citizensclimatelobby.org.

2. Help build awareness of the CCL's communities training page so that more Reno citizens realize that they can easily learn factual information.

The URL is <https://community.citizensclimate.org/topics>.

In closing, I love living in Reno, and I am willing to help research information upon request. I invite you to reach out to me. Also, I love the trees in Reno, and thought you might be interested in reading this blog post about the health benefits of those trees.

Dear Mayor Schieve,

I would like to begin by expressing my gratitude for your unwavering commitment to our great city of Reno. Your dedication to ensuring the safety and well-being of our community is truly commendable.

I am writing to bring to your attention a matter of great concern that I believe warrants your intervention. It has come to my attention that Jessica Lupo and Wolfgang Welch are seeking to establish a business in our downtown area. Unfortunately, both individuals have been involved in drug sales and gang activities within our community, posing a significant risk to the safety and well-being of our citizens.

In addition to their involvement in these illegal activities, it has also been reported that Jessica Lupo engages in prostitution, while her boyfriend, Wolfgang Welch, is a habitual felon. As a concerned resident, I believe it is crucial that individuals with such backgrounds are not granted business licenses, as this could exacerbate the problems they already pose to our community.

I kindly request that you, as the Mayor of Reno, consider taking the following actions:

Collaborate with the Reno City

Council and relevant authorities to review the business license application of Jessica Lupo and Wolfgang Welch thoroughly, taking into account their criminal backgrounds and potential threat to our community.

Encourage the development of resources and programs to support individuals like Jessica and Wolfgang in their rehabilitation, so they may become productive members of society.

Work with law enforcement agencies to strengthen their efforts in combating drug sales, gang activities, and other forms of criminal behavior in our community.

In conclusion, I trust that you will give this matter the attention it deserves and make every effort to ensure the safety and well-being of our community members. As the Mayor of Reno, your leadership and dedication to maintaining the integrity of our city are paramount.

Once again, I thank you for your service to our community and look forward to the positive changes that your continued efforts will bring.

Mayor Schieve and Council Members,

I'm hoping this reaches you, I have not received any responses to my previous email.

I wanted to start off by saying thank you for taking the time to read my letter. I know you guys are extremely busy.

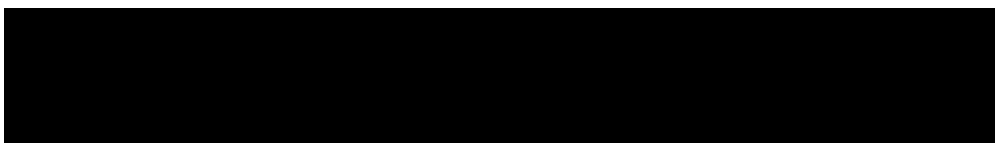

It has been brought to my attention that there is another nightclub potentially opening in our area. The business owners are Jessica Lupo and her boyfriend Wolfgang Welch. They are waiting on licensing approval for Eden Management at 219 W. 2nd St. I saw them on the news this week and they are talking about opening very soon.

Businesses Bet on Downtown Reno
2news.com

I keep up with the Reno council meetings on YouTube, and I also watch Ward 5 meetings as well. I have known both of these individuals for a while, and I thought a few things should be brought to your attention. Both of these individuals were fired from the previous establishment they worked at, Peppermint Hippo, for foul behavior with patrons and fellow employees. I have spoken directly with the general manager, and he has warned the nightlife community of their intentions.

I have attached the link for Jessica and Wolfgang's social media accounts. I could see in court that they seemed very professional and polite, but this is far from how these individuals operate. They are very risqué, inappropriate, and have a very strong connection with the drug dealers in Reno. The content that they post is not something we want to support in our growing community.

[REDACTED]

[REDACTED]

[REDACTED]

[REDACTED]

I would love to see the downtown area become more modernized, civil, and peaceful for families. I strongly suggest denying them a business license if you want to prevent more violence from the 2nd Street area. I am aware of how bad the previous business "Fusion" was, and Jessica Lupo is actually a former bartender and manager of Fusion. With the issues they had there, Jessica does not have any intentions of changing the behavior. She has bragged on social media about how she sells her body online and is going to use the bar to promote that. This is a very disturbing thing to accept as a woman. I don't like knowing that I live across the street from a business that is going to potentially allow people to do this inside of their establishment. They have already installed stripper poles and are planning a private underground dance area.

I hope my words have given you something to take into consideration. I love my area, and I love knowing my children will grow up here, but I am not sure that this area is necessarily appropriate for children anymore with the way things are going.

Thank you so much for your time.

Hello Council Member Martinez,

I wanted to send our biggest thank you for the donation to the Parks Foundation. Jay was actually at the council meeting this morning to give public comment and with all the jumping around in the agenda they missed calling Jay up for his public comment. They said our options were to skip the comment or wait till the end around 4pm. As his comment should have been in the morning we weren't able to stay that long. Below is the comment we had prepared. We wanted you to at least get it. If there is anyway for it to still be recorded we would love for you to get that recognition. I am so sorry we weren't able to provide this in-person at the meeting.

Jay Howard, Truckee Meadows Trails and Truckee Meadows Parks Foundation for the record. Good morning madam mayor and council members. I want to thank council member Martinez for requesting a donation to the Truckee Meadows Parks Foundation. This donation will contribute to the mental and physical health of our community in multiple ways including 1. Providing innovative in-park programming for families, community groups, and schools 2. Cultivating awareness appreciation and stewardship of our parks 3. Inspiring community members to take a proactive role in the preservation and improvement of our parks 4. Strengthen the bond between community members and their parks. With so many exciting programs under way like the Rosewood Nature Study Area and the Truckee Meadows Regional Trails Plan this donation comes at the perfect time to make an impact right away.

Good morning,

We are pleased to inform you that your non-profit has been selected by Councilmember Martinez to receive a donation in the amount of \$2,000.

This donation is slated for approval at the March 22nd, 2023 Reno City Council Meeting. We encourage you or a representative from your organization to give public comment at this meeting to highlight the important work you do for the community. You can submit comments

either in person, by Zoom, or through the [City Clerk's public comment portal](#).

The meeting will begin at 10am and will be located at Reno City Hall ([1 E. First St. Reno, NV 89501](#)). You can enter City Hall from the parking garage attached to the building on the second floor, or since it is a Council Day, you can enter from the Virginia Street entrance. Council Chambers is on the first floor. Your parking ticket can be validated when you exit the building.

Kindest Regards,

Abigail

Your Comment	April 5, 2023 Reno City Council

1 E First St
Reno, NV 89501

Dear Members of the Reno City Council,
Subject: Concerns Regarding the Proposed Business by Jessica Lupo and Wolfgang Welch in Downtown Reno (Eden Management)

I am writing to express my deep concern about the proposed business establishment by Jessica and Wolfgang in our beloved Downtown Reno area. As a long-term resident and an active participant in our community, I feel it is my responsibility to bring this matter to your attention, in the hope that you will give it the careful consideration it deserves.

While I firmly believe in the entrepreneurial spirit and the right of individuals to pursue their business aspirations, I am concerned that the presence of a business owned by Jessica and Wolfgang could be a detriment to the well-being and harmony of our community. Their provocative behavior and contentious reputation have raised red flags for many of us who live and work in the area.

I would like to share with you some specific concerns that I have regarding their potential impact on our community:

1. Public Safety: Given the past incidents involving Jessica and Wolfgang at their previous establishment, Peppermint Hippo, I am concerned that their presence could create an unsafe environment for other businesses and community

members. Their history of confrontation and public disturbances could lead to an increase in police presence and potentially deter patrons from visiting the area.

2. Community Values: The provocative nature of their business and public personas does not align with the family-friendly atmosphere that we strive to cultivate in downtown Reno. We should encourage businesses that promote inclusivity and reflect the diverse interests of our community members, rather than those that may alienate or offend a significant portion of our population.

3. Economic Impact: A thriving and prosperous downtown is crucial to the economic health of our growing city. A controversial business operated by Jessica and Wolfgang could potentially drive away customers and discourage new businesses from opening in the area, negatively impacting the overall vitality of our local economy.

4. Reputation: The city of Reno has worked diligently to establish a reputation as a welcoming, vibrant, and forward-thinking community. Allowing Jessica and Wolfgang to open a business in our 2nd St area could tarnish this image and undermine the progress we have made.

In conclusion, I urge the Reno City Council to consider the long-term effects that the proposed business by Jessica and Wolfgang may have on our community. As public representatives, it is your duty to make decisions that prioritize the

safety, well-being, and prosperity of our residents. I believe that denying their business proposal is in the best interest of our city and its future.

Thank you for your attention to this matter, and for your continued service to our community.

Sincerely,
Jacob Hartley

I live off of Bonde and Del Monte. There are 2 homeless men dragging shopping carts and garbage everywhere on Bonde, Del Monte, Kietzke office park, behind Carrington College, Sierra Neurology Center and Northern Nevada Urgent Care. There is garbage, blankets and 3 different shopping carts. Behind a Case Backhoe and shovel attachment there is enough garbage to fill a dumpster. If we don't get this under control, it's only going to get worse. Please help us.

Thank you!

Fight Climate Change at the City Level!

1 message

Mallory N <m.a.nelson.familylaw@gmail.com>

Sun, Apr 9, 2023 at
3:00 PM

To: PublicComment@reno.gov

Hello,

I am a Reno, NV native--born and raised here in the Biggest Little City. Despite making my life in Reno for over 30 years, this is the first time I have submitted a public comment to the RCC.

My biggest concern, my most important issue is climate change. So I feel compelled to call upon my elected leaders at every level of government, including the City of Reno.

Reno has already experienced unprecedented heat waves and wildfires. I used to love summers in Reno: ArtTown, tubing down the Truckee, or day trips to Tahoe. Now because of extreme weather, I dread the unprecedented heat waves that strained our grid, the wildfire smoke that renders the air unbreathable for weeks at a time. I am most worried about a near future that threatens Reno as we know it.

I really do appreciate the leadership the City of Reno has shown already: our LEED gold certification, emission reductions and more EVs.

But after reading the dire timeline we all face in the latest IPCC report, I implore elected city council members to do more to protect Reno through rapid scaling of adaptability projects and local infrastructure, such as increasing heat pumps, solar storage and transmission, and smoke abatement. I strongly encourage our RCC to advocate for climate policy at the state and in particular, the federal level.

Thank you for the RCC's leadership during such challenging times, and with your climate stewardship, I remain hopeful Reno can have a future worth

fighting for.

-Mallory N.

**agenda item in which you
are commenting:**

The first time I felt the impact of climate change was June of 2020 when our family found ourselves in the evacuation zone for the Poeyville wildfire. Preparing to evacuate was nerve wracking. Since then, I've become more aware of the impact of drought on wildfires. The drier the summer, the easier it is for a spark to ignite the tinder littering the forest floor. And where there's wildfire, there's smoke that makes the air we breathe poor to downright hazardous. These are some of the reasons that I am concerned about climate change. I do not want to see things get worse, yet I know that climate disruptions will continue as long as we continue to release heat-trapping pollution into the atmosphere.

Your Comment

I appreciate the Reno City Council for taking on this important issue! Your commitment shows in unanimously adopted the Climate Action plan in July 2019, the recent LEED Gold certification, and other actions.

I am calling on you today to go beyond that commitment. The impact of climate change must be factored into every decision that the Council makes. And we need more allies at all levels of government. Reno can't solve the problem alone. I urge you to advocate for effective climate policy with other mayors, other leaders in Nevada and with the federal government.

This Earth Day calls for bold action

1 message

Nancy Litchfield <nancy.litchfield@gmail.com>

Sat, Apr 8, 2023 at 1:37 PM

To: Publiccomment@reno.gov

To Mayor Schieve, City Council Members and Staff,

Thank you for all that you're doing to advance the city's goal of reducing carbon emissions 28% by 2025. The city's support for a community solar project, as well as a solar + storage project at the Public Safety Center, the continuous push for additional EV's in the city's fleet, providing more urban shade through the Re-Leaf Reno project, and for recognition as a LEED Gold certified city are just some of the ways our city is making progress in the transition to a clean energy future, and I am so grateful for all that you do and for the expert guidance Suzanne Groneman has provided as the city's Sustainability Manager.

As Earth Day 2023 approaches, I urge you to not only continue to act locally to meet your reduced GHG emissions target, but to work together with our elected leaders at the state and national level to take meaningful steps to mitigate climate disruptions by reducing emissions nationwide. Putting a price on carbon emissions, together with a carbon cash-back to all households, has been endorsed by US top economists as the most effective, efficient and equitable way to return our country to a safe and sustainable emissions level at the speed and scale necessary, while also energizing innovation and boosting the economy. A carbon fee would help all of the city's efforts while a carbon dividend would benefit the disadvantaged and underserved in our community. This would be a win-win for our health, safety, economy, national security, and for the future of our youth.

Your voice of support for national climate action would have an outsized impact on our state and federal leaders. The City of Reno would continue to lead by example as Nevada's first municipal leaders to join 150 other municipalities calling for a nationwide carbon fee and dividend.

Respectfully,

Citizens' Climate Lobby

To whom it concern.,

We been having problems at this park in stead with kids riding their dirt bikes on the grass and on the skate park. Also there has been kids drinking smoking in the park. There has to be something that the city of Reno can do. It is extremely unsafe for some children to be in park when this happens. Please help. Cops wouldn't do anything because they aren't there when they get there. Please see attached

Yes, I wanted to speak to doornail skewes me Naomi dire. I'm a constituent of hers in or Zhu. My name is Barbara Chadwick I have something that is telling Leanna be up. Most important that needs to be brought to light or at least make a knowledgeable to the Reno City Council. My. Council member my name is Barbara Chadwick. My number is 775-852-6052 what I wanted to address with her and perhaps eventually, because I will Memorial eyes as the city council itself, if we don't already have first, I want to find out we had a lot covering this problem. I have a problem from the neighbor next door to me, just to the South, his name, his name, and his wife name is Robert Kendra Mac covering Bill Mac 7380 Sugar Loaf Drive. They've been there about 8 or 10 years, but we're on, has totally died there. Trains of died or are in the process of dying bushes and there a fire hazard. Other than that, which What is going to contact you about that? The spring when we started having viruses and probably again, they have never trim the winds under trees or lace them or anything. I have one big one about 20 feet, long, break off into my backyard, had to pay \$500 have that. I'm not sure that went there. But there's I can't see any markings on your trees in the back. In comparison to how this limb fell. Anyway, I had arborist come out chop it up and take off. Cost me \$500, which could have been prevented have these people kept her free trims. Nothing is ever been done to this property and 10 years. It's going from a show house, too. I

don't know what you never see him anyway and we I just wanted to say before I hang up at hope I hear from them near somebody that we have our lives and by laws and everything about keeping your sidewalks clear you know of eyes when we get these storms, otherwise we can be fine. We also have some kind of restriction on hoarding. We got one of those across the street in the last 10 years. Okay. And I've been a recording hopefully I'll hear bro. Where was I? Yeah. Anyway, I've taken pictures of these broken lives. Another

Yes, hi, this is Jamie began. So I live at the homeless shelter in Reno off of bigots, 4th Street. I've been here about almost 4 years. I came out here 26 or 7 years ago. We stayed at Palace about a week or so and and we flew back to Boston. I also the Flamingo Hilton or 3 days 26 or 27 years ago, I live out. Here I go to Parkside, do some volunteering of, you know, picking up rubbish and Landscaping as well. And I just want to say, I, you know, we don't like a lovely location and I'm trying to put my, my best in for the city of San the public as well. Thank you so much. This is Jamie P. Cancel other. The Kids Campus like over the box and do some volunteer and I walk up and down the street to pick up some rubbish time of time. Alright, thank you so much. Thank you Reno.

This is Linda Lowman. Do you need to work up or look up? Go Daddy, and that is trying to kill [me.com](https://www.me.com). I'm getting discriminated against with Reno City, of Reno. Regarding some things that we're my husband's that were left on the sidewalk. And then accused me of having a man in the house because my daughter had a Hummer and I work for the state, I was forced to do Broad and that's on the back of Washington DC. And I suggest you can give me a call because these notices violation, an administrative citation, our discriminatory, because of all these lines and stuff. I lost my home when I was poisoned and work for the state of Nevada. I lost my health so you can give me a call Linda Lowman. 775-299-9374. And I had to be part of fraud by the state of Nevada, and that's gone. Back to send it, or Kennedy, as well as the Santo and other people so 770-529-9900, 3074, I should just you get rid of the question charge it. You people are the one that poisoned me, I wouldn't be in the situation if I hadn't been had to deal with fraud and being poisoned. 775-299-9374, thank you.

Hi there. Here, I am once again complaining about Disney shoot. The problem that we have on our block and this is been going on for so long and nothing has been done the police. His promises didn't do it and I got an email saying that it's being typed reporter to council member Taylor, okay? And I'm hoping to speak to her. Somehow sometime because nothing is done. I've been complaining to do the disease, Shabbat decision, sorry, but is issue over and over, and over an hour, and I will be continued. To put in, I will be fun. This is so frustrating. This is for say, anyways. Please do something. Once again my name is Martin. My number is 775-700-8964. Thank you. Bye.

Hi. This is Sue Anderson calling and I'm calling in regards to the white stripe lines on the freeway 395 North in front of Grand Sierra. They're not visible and it's very dangerous for keeping Lane consistency, especially if your senior and it's raining, you can't see it at all. It's very dangerous. So hopefully some of those lines will be repainted when the sound from the snow supplies students. There's also a lot of spots, all of 395, highway 3 days, 5 and 80. My number is 775-530-2491. If you have any other questions, but it's basically those white divided lines on the freeway so cars can stay in their Lane and safe day. I appreciate your attention to this and you can call me back and let me know what your status is of meeting. Thank you so much.

Yes, this is going to be an anonymous call because you don't deserve to know my name. I was just wondering who whoever read this or listen to this call. Who do you call when your house is set on fire? Do you call homeless people, there to come put out the fire? I'm just wondering because you're treating your fire fighters in the city, the people who provide you safety, you're treating them like they're a bunch of bums. You'll spend 179 million dollars to house homeless people, but you can't even fix one of the Reps that the fire department has. How is it that the city of Mayor keeps getting reelected? Who keeps dropping the

before. It's asinine. It's sickening. What you've done to that city is it's Criminal. How dare you do that? The First Responders.

India More Than Words of Al Pacino.
