I join several other who are demanding an INDEPENDENT committee to decide on the new Ward boundaries.

Stop this "taking over" stuff YOU are planning for our community. Looks like we citizens need to go further into looking at WHOM we vote for!!!

Manner of Operation of Reno City Government

1 message

Brian Erbis <brian.erbis@outlook.com>

To: "publiccomment@reno.gov" <publiccomment@reno.gov>

Please direct this to the City Manager and the Reno City Council, particularly Councilmember Naomi Duerr.

I find the City of Reno Parking Enforcement hours and the contingent plan to address parking issues outside of regular hours of operation to be not only anachronistic but contrary to a municipality's good order and efficiency.

As we see, Reno has experienced exponential growth in recent years and aspires to be a major city yet maintains a small-town mindset which is woefully inadequate for running a city.

Rendering vital services in a city requires hours of operation that are responsive to the citizenry and not limited to what is tantamount to "bankers hours." Operating hours of 9 a.m. to 4 p.m. with weekends and holidays off for an enforcement agency with no other mechanism is suitable for the rural counties—not for a city.

I can put forth a laundry list of organizational dysfunction and mediocrity that I observe daily, which hinders good governance and manifests itself in various degrees of lawlessness.

It is time to modernize.

Reno city government has big dreams with its desire to be in the major leagues of cities in the United States—when it is still very much in the little league.

Hello,

Thank you for reaching out to the City of Reno. It is advisable in this case that you speak with the housing assistance team directly. Please complete the application found here: reno.gov/housing – click on “I am looking for housing assistance.” If you need further assistance, you may contact our Housing Assistance team at housingassistance@reno.gov or 775-334-3310.

Your comments will be sent to the Reno City Council for review and will be part of the official record at the next Reno City Council meeting.

*Please note, public comment may be submitted in advance through the online public comment form found at Reno.Gov/PublicComment, by sending an email to publiccomment@reno.gov, or by leaving a voicemail at 775-393-4499. Comments received prior to 4:00 p.m. on the day preceding the meeting will be transcribed, provided to City Council for review, and entered into the record. Comments received after 4:00 pm on the day preceding the meeting will be provided to City Council for review prior to adjournment, and entered into the record.

Subject: Help for homeless family

To: <renodirect@reno.gov>

Good afternoon

I would like to express how appalling it is for this city to not have any resources for a family with 4 children one of whom is very ill with type 1 diabetes and needs stability to sustain his care, my son, spouse and 4 children were locked out of their home they have had for 6 years while waiting for help from EEPN process to be completed, the fine judge Hascheff had then locked out along with the corporation owning the dwelling most recently in the news on Ask Joe.

I have been paying for rooms for them, but those places are expensive and take advantage of people too- Our Place had no room for a family, Catholic Charities has no resources and couldn't advise anywhere else to go, Project Restart recommended voluntarily "surrendering" the children, RHA is no help although they are on the wait list, they have been offered a home with the childrens maternal grandmother in a rural community in UT- we are currently trying to get the funds to help them to get there however , there are other medical obstacles in the way at the moment.

So while you all pat yourselves on the back and make all the nice comments about each other and what you supposedly do for homeless while helping ONE vet what about families who don't have the internet to complete applications and jump

4/19/23, 2:59 PM

City of Reno Mail - Fwd: Help for homeless family

through your hoops, who have lost everything they have ever owned, who may have a sick child with no where to go where are these resources? Where did all the money go from COVID

THIS CITY SHOULD BE ASHAMED- I wonder if Joe will want to here this story but I doubt it doesn't fit the narrative I will continue to help my son and his family but it won't end there - this is something our community needs to know

Sierra Vista Park changes

I understand that you are considering decreasing the size of the Sierra Vista Park, and the surrounding area at the next city council meeting. As the NAB chair when you acquired that park, our NAB worked hard to create one of the best open space resources you have created since Idlewild Park. So I hope you aren't giving serious consideration to destroying this wonderful resource by selling off part of it for commercial development. If Washoe County School District really needs 15 acres for a school facility, perhaps that is reasonable, but making it much smaller would really disappoint me. Our Sparks Kiwanis through our bicycling education programs, and our personal riding, counts on the trails for the best bicycling education training facility in the region --- and for many miles of riding fun throughout the year. We count on these trails not only for fun riding, but more importantly for quality education about trail riding. The Biggest Little Trail Stewardship group has worked hard to make this a premier riding and hiking resource --- so please protect it and don't make decisions that will impact the quality and variety of riding that is possible in this wonderful park. We send our friends of our Kiwanis Bike Program there all the time because it's the best resource in our Biggest Little City --- so PLEASE PROTECT IT FOR OUR USE NOW AND IN THE FUTURE!!!!

I hope you will consider how important such a resource is as our city continues to grow and thrive. We need a local resource for biking and hiking so we don't have to travel long distances to enjoy the outdoors ---and it needs to be big enough to serve our community since we continue to grow. Thanks for your consideration.

This city needs bikeable and walkable infrastructure. Just because some people got upset does not mean it is a "political issue". Pedestrians and cyclists are dying every week due to poor city planning and design. Nevada will never meet its goal of zero fatalities until it's cities are actually built in a way that protects people. Most roads in town do not even have a painted gutter and people on bikes are forced to ride with dangerous and unpredictable traffic. Sidewalks are not safe anymore either and in many places, they just end abruptly. I live near two grocery stores and do not even feel safe walking to either one of them. How have we built a city in such a small valley in a beautiful area that requires car ownership to survive? If we have room to widen a road, we have room to add protected paths for bikes and multi use paths. Some problems have difficult solutions, this problem does not. Studies have already been completed and the correct answer is in front of everyone. Car dependency and car centric infrastructure can't continue to be the default.

Complete the center Street project and start improving infrastructure around the city. The 2 or 3 dedicated paths we have around town do nothing when they're not connected to anything else. Please focus on making Reno a city that allows everyone to get around town efficiently in the manner they choose. There are so many forms of alternative transportation. Cars can't be the default anymore.

Your Comment I have filed multiple complaints through Reno Direct over the past couple of years about trailers being parked in the bike lanes on Moya between Lear and Echo. Parking enforcement has done nothing. I'm not sure if it is legal to park in a bike lane in this city or the rules aren't being enforced. With all these plans for new bike lanes we need policies in place to keep them safe and free of obstructions. Please figure out how to get these trailers out of the bike lanes so we can safely ride to work. Thank you.

Hello City of Reno council member's,

I want to thank you on behalf of your local WFTDA roller derby team, Sierra Regional Roller Derby, for the support and donation to assist our league in the 2023 season. The league is very excited to finally be back skating, hosting tournaments, training, and operating at full capacity within Washoe County.

Our team encompasses the great Northern Nevada area. We have skaters who travel from Minden, Carson, Sparks, South Lake, Truckee, and districts within Washoe County. We also have a Jr's league that is up and practicing in Reno.

Due to financial constraints during the pandemic we lost our space, which provided training and practices, but this year has been a blessing with a surge of enthusiasm for the sport locally, and the ability to host practice at multiple locations in the area. We currently practice at the Indian Colony Gym, El Sol indoor Soccer, Swift Sport dome (off skates), Neil Road gym, and Carson City indoor recreation gym.

Sierra Regional Roller Derby is a 501(c)3 non-profit league in need of an indoor space. We would love the opportunity to bring our ideas to the table and to be included in the ever expanding plans for the City of Reno.

Again, thank you so much for your time and donations to our league. We look forward to having you attend our upcoming bout (game) and our tournament this October.

Please let me know if you have any questions about the league and plans moving forward.

High Desert Harmony Chorus, a member of Sweet Adelines International, sincerely thanks you for your support (via the Arts & Culture Grants program) of our "Harmony in the Park: A Celebration of Barbershop Music" scheduled for Sunday, July 9th at Wingfield park. This event is an opportunity to share barbershop music with the Reno community. This event entails an introductory workshop for children where they will learn about and participate in four part harmony and barbershop music followed by a blowout performance for the community that brings together multiple barbershop performance groups to present variations in the barbershop art form. Please come to our Show scheduled for July 9th starting at 6:30 with children's workshop and show at 7pm.

Yes, have a message for the City, attorney, the city council and the mayor who I don't think much of it all. But anyway, I regarding breakfast drivers street races in the last 2 days today. And yesterday, yesterday last night around 8:00, we witness the three Street Racers on May end Drive coming out of a Walmart area heading towards Rob Drive. They're doing probably 6570 miles an hour racing with each other. And one of the vehicles was in the upcoming Lane spy, several feet, and then they were racing with each other and then 11:00 this morning coming out of the Walmart. I drop my wife off there at 11 o'clock and there is a SUV doing probably 70 miles an hour and I'm not exaggerating going so fast. Flew through the intersection barely made it to the yellow light and and doing probably 70 miles an hour. I'm not exaggerating and had tinted windows could not get the license number to. She's got her. Whoever was here, she was going away over the speed limit, and we see this every day on a regular basis, my recommendation to the City of Reno, I do like to do in Singapore, which Safest place that you can never go to Berkeley. No crime whatsoever there. There they, you do that. There, they take her vehicle and they sell it, if you're doing double the speed limit or even close to it, they will take your vehicle in pounded and sell it. And then the long with that, you get a stiff, find a mounting to 5 to \$8,000. And then you also have a possibility of a shelter. And then if you kill somebody you it's it's a license. You know, if you kill somebody

doing that here, it's a joke. It's a slap on the wrist and they don't tolerate drugs or DUIs or any that crap. It's it's the Death Valley and for DUIs, it's very long license and if you kill somebody. So definitely here we got. We have no penalties that the crimes regarding almost anything and I want the City attorney. The city council and this mayor. She's so busy. Seems like she's catering to these rich apartment developers and not really pushing for Affordable homes that people actually own. But anyway, I'm getting off the track on that, but I don't think much of the mayor's, she's probably the worst I've seen, but anyway, she needs anyway. They all all need to get off the bus and get some penalties that fit to crimes because every day on the news, there's another pedestrian getting killed or Maynes or or whatever every day. No, virtually every day and nother progesterone. Look at Channel 4.

Yes. I recently attended the Earth Day celebration and I'd wild park in Reno this last weekend and was quite distraught to see the rainbow flag that it's been painted onto the sidewalk. It was the entrance and exit of the Riverwalk way that is quite offensive to me and to the people that we were there with. And I just wanted to know who approve that and I owned property on Idlewild Drive and I was never given any advance notice that that would be part of the park but I don't like that message that that is sending. And so I will do some follow up and perhaps a call back when I can speak to a representative but just wanted to let you know that myself and my family and several of our friends were, we're quite a mended that that has been added to the park. I don't think our parts need to place a a mess. Search like that. So anyway, just wanted to let someone know. I think I'll also call the mayor's office as well. Thank you so much. Bye bye.

Good morning. My name is Todd Baker. I'm a property owner located at 895 South Center Street here in Reno. About a year ago, a delivery driver knocked a street sign a street light down and I've called 4 times on your Reno, direct number to ask that it be replaced and repaired with no action taken. My comment complaint to you. Is that your Reno direct doesn't really get to the right party or nothing happens. I would really like to see that that improves for everyone that lives here and secondly I'd like to have that street. Light repairs. Thank you.

I want to thank the City of Reno for ripping down the hill house at 448 Hill. It was built in the 1900. I guess, you know. [REDACTED] our history. I guess we are like Vegas, aren't we [REDACTED] our history to help? Thank you.
