To whom this may concern, I've been a resident in North Valleys for over 17 years. Raised 3 kids in the area and I can't believe how awful we are being treated out here by the city. The traffic is horrendous and all you're doing is building more homes and warehouses. Nothing for kids to do up here but get into trouble 😡. Why not build an indoor sports arena for them. Why is everything in south Reno & Sparks. Healthy grocery stores, clothing stores, & better known eateries. We all have to travel into town for something decent. Which adds to the traffic. We don't need more paint on the cheap and shabby roadwork done every year. Add more lanes if you're gonna add more homes. We pay the same taxes as the rest of the wards do. We just don't complain enough I guess out here! Hopefully it will change

Yes, good afternoon. I'm calling in hopes that some enforcement plan to help the police can be made through the city council with laws that will help stop things like the free RV park that go from one place to another. And also on Dickerson road, we have many RVs from unlicensed to license cannot estate in multiple repeaters. On our street here on Dickerson. These people have figured out that there's a 48 hour long and they can just keep going from one place to another. This is cos dealing fires and garbage on our street. And I know there's not a lot, you can do because you don't have an enforceable lot this time. So if you guys could work on something to get some sort of an enforceable program to keep these RVs, and just go in one place to another and making a mess. And doing the things that they do, it would be greatly appreciated. My name is John barenberg, and I used to be the program assistant for clean and safe. Non-emergency people have been great. Let me know. Direct has been slow. Thank you very much for your efforts. Thank you.

Yeah. Hi. I have a brief comment and it is, it's really a question. Why not enforce the parking in the Midtown area in the to our spaces? You don't do it. Cars parked there all day and night sometimes and it seems like it ignorant step over of Revenue that the city could get get them tickets. 2 hours means. 2 hours, do your job.

Hi. My name is Cindy and I have recorded an abandoned vehicle that has been parked on the street since the end of June. I started reporting it. August 18th, August 29th, September 7th, September 19th, September 25th, and again today, October 5th. I have spoken to more than one representative that answers the line and nothing is being done about this. So this vehicle is an older model Ford Windstar van license plate 5 V as in Victor C as in Charles d as in David 60 72 expired, license plates from California 2021 Of May. I don't understand why the vehicle is still here, the gentleman was living in it and now he's somewhere else and they just came to get items out of the van on the 25th, which prompted me to call again and that it's parked on the street of Salem. Papa Plumas in Salem and it's directly across from 12:20 apartment, complex on Salem Plaza. Road, 3rd Street, or whatever it is. So it's on Salem Plaza off of Plumas towards the end of that street, before it curves to the right directly across from 12:20. It's not moved since it arrived at the end of June of this year. So that's July August September. That's almost 3 1/2 months that it's been parked here. My phone number is 925-339-2283. Again my name is Cindy Mendoza 925-339-2283 thank you.
