<b>Your Comment</b>	Today air traffic noise over my home and proximity has been CONTINUOUS since before 6:00 am. New flight patterns over by Greg Street and between Greg and McCarran Blvd. a business district must be established to grant noise relief to homeowners, like myself in Donner Springs. There are several business areas that may be considered, to promote relief from NOISE emanating from the Reno Airport. I understand the runway necessities, but the endless, hour after hour circling of my home and block must be addressed with relief from airplane noise in mind for homeowners.

Planes that fly around or near residential areas need to be respectful and avoid residential areas! I am a taxpayer and I demand assistance and relief from the RTAA to adequately address the noise problems directly related to aircraft that financially compensate the RTAA.

Best regards,  
Nancy Sorensen
