Your Comment

Serious concerns about the construction at 4th and White Fir/Mesa Park. Lane closures stated today and traffic was a serious mess. I have serious concerns about evacuating my neighborhood if need for fire etc. Evacuations have occurred in recent history.

The city of Reno is a joke. They allow criminal Property Management companies to steadily extort, steal, and discriminate against its citizens. I was forcibly evicted by a shady Motel. After I was locked out and trespassed they placed a lockout device on my door. While the lockout device was still on the door my \$5,000 ebike was stolen. Only management has access to the door. This practice has been going on for at least a year that I know of. When will the citizens of Reno have a chance to get what's legally their own property as well as funds stolen from them?

Traffic at the cross road of Mira Loma Drive and Rose Vista drive has gotten so bad it has become an extreme noise, pollution and safety issue regarding traffic there. I am advocating that sound barrier walls be installed to reduce sound, pollution and the potential of cars ramming through a fence and potentially hitting a residence house

It is very difficult to operate a business when people are camping out in front of it. Going to the bathroom on your property. And taking up all parking for customers and every one of them have expired tags and more stuff than you can fit in a house , stuffed in their car. They throw their trash all over the place and this needs to stop. It is the city counsel responsibility to maintain safe neighborhoods for the district. WE have been here 50 years in the same location and this is the worst I have ever seen it. I know this wouldn't last a day if they were in front of City Hall

It's really sad. I've been dealing with some code enforcement issues in my neighborhood for 6 months now. I've been trying I finally get a call back from detective, Todd Davis and all he does is talk over you and talk at you. You won't let you express what your problems are. He is like a mind reader as far as she's concerned. So him and Alex Woodley, they both should be removed from their position. You need a better Communicator than that. You can just call somebody up and as soon you know, what they're complaining about, or what the issue is and talking the whole time, what's the point of calling and why don't you just send him an email? That's ridiculous. Detective. Todd Davis. And Alex Woodley are pathetic employees for the City of Reno.
