**Hi. I am calling in regards to the trash that is building up in the Lemon Valley, all the way in Northbound on 395, even going past power Boulevard all the way down in the center dividers and alongside the freeway this goes on and on and on and I travel a lot to Reno. And it is the only place that it is really building up that nobody seems to care or clean about. We have no sign saying littering not one sign in Nevada but in California, they do. I wonder why we don't have a sign that says that people throwing their trash or debris, coming out of the back of their cars, it's going to be fine. It is terrible and it is nasty and it makes our areas of terrible. Please take a look at this. And why should I the citizen have to do? Go out there and pick up the trash. We should be allotted. It is not happening and South Reno at all. Thank you.**
