Hi. You guys put in a giant concrete curb situation where California in a very different from each other and it seems like a really fun place of a giant. Aces catchers met. I know that sounds ridiculous but also kind of hilarious and it is our town. We have for stupid or statues running around town. So just food for thought we should do something with that giant concrete platform thing and also to discourage people from driving straight through the sidewalk. That's all I got. Thanks.

Hi, my name is Nancy Clary. This is no emergency. This is just a comment on a request that I put to you in. May May 19th. And also again in August, August 3rd of this last year, 2022 and we live in Old Southwest Reno and we we had a request for you to clear the Weeds on Plum, Lane medium medium, and all the way from the airport to Arlington Avenue in years past, you guys have done it this year, you guys didn't do it and I just wanted to say it's disappointing, it's ugly and I think people that come in from the airport that's what they see and all the way to Arlington Avenue, we have Look at stupid weeds. I even volunteered one year to have people help and you said, no. Because no Deepak It's seems simple enough tasks that could be done. So hopefully next year 2023, this gets taken care of. Thank you.
